## ORDINANCE NO. \_\_\_\_\_

AN ORDINANCE ESTABLISHING A CAPITAL IMPROVEMENT PLAN ADVISORY COMMITTEE TO REVIEW AND RECOMMEND PROJECTS FOR FUNDING FROM THE 1% SALES AND USE TAX FOR STREETS, BRIDGES, AND ASSOCIATED DRAINAGE; SETTING MEMBERSHIP AND PROCEDURAL REQUIREMENTS FOR SAME; AND PROVIDING FOR INCLUSION IN THE FORT SMITH MUNICIPAL CODE

---

WHEREAS, on May 12, 2015 the voters of the City of Fort Smith renewed the 1-percent sales and use tax for the express purpose of providing funding for projects related to local streets, bridges, and associated drainage; and

WHEREAS, by October of each year, the Board of Directors typically adopts a five-year Capital Improvement Program (“CIP”) containing specific projects identified and recommended for funding in the next fiscal year and beyond; and

WHEREAS, heretofore the Engineering Department has reviewed, identified, and prioritized a proposed five-year CIP for delivery to the Board of Directors each September so that it may be adopted by the Board in October; and

WHEREAS, the Board has deemed it prudent that a CIP Advisory Committee be formed in order to review recommendations from the Engineering Department, take and evaluate public comment and suggestions, and ultimately recommend a five-year CIP to the Board of Directors for adoption and incorporation into the budget for the subsequent fiscal year.

NOW, THEREFORE, BE IT ENACTED by the Board of Directors of the City of Fort Smith, Arkansas, that:

Section 1. There is hereby established in and for the city a Capital Improvement Plan Advisory Committee for the purpose of serving in an advisory capacity to the Board of Directors by evaluating, planning, analyzing, updating and recommending a five-year Capital Improvement Plan for city projects relating to streets, bridges, and associated drainage to be funded from the 1-percent sales and use tax. It is not intended that this Advisory Committee be involved in the Board of Directors’ decisions to amend the five-year Capital Improvement Plan from time to time in the interest of specific economic development incentives.

Section 2. The Capital Improvement Plan Advisory Committee shall be comprised of seven (7) members who are qualified electors of the city. Appointments shall be made by the Board of Directors. At all times the membership of the Advisory Committee shall include at least one resident from each of the four city wards.

Section 3. Upon appointment and at the first organizational meeting of the Advisory Committee, the members shall draw lots for one (2 positions), two (2 positions), or three (3 positions) year terms. Thereafter, appointments to fill expired terms on the Advisory Committee shall be for three year terms.

Section 3. The Capital Improvement Plan Advisory Committee shall select a chairperson from its own membership on an annual basis. The chairperson's duty shall be to preside at all meetings of the Advisory Committee. If the chairperson is absent from a particular meeting, the members in attendance shall elect an acting chairperson for that meeting.

Section 4. The Capital Improvement Plan Advisory Committee shall establish a regular meeting schedule for the consideration of projects to be incorporated into a recommended Capital Improvement Plan for submission to the city's Board of Directors on or before September 1 of each year. Such regular meeting discussions shall include projects recommended by the city's Engineering and Operations Departments, as well as projects or suggestions from committee members and other residents and businesses of the city.

Section 5. This Ordinance shall be codified and included in Chapter 22 "Streets and Sidewalks" of the Fort Smith Municipal Code.

# Memo

To: Ray Gosack, City Administrator  
From: Jeff Dingman, Deputy City Administrator  
Date: 6/12/2015  
Re: Capital Improvement Program Advisory Committee

---

At the June 9, 2015 study session, the Board of Directors discussed and then advanced for consideration at the June 16 regular meeting an ordinance establishing a Capital Improvement Plan Advisory Committee. The proposed ordinance is attached, and reflects the change in membership requirements as discussed at the study session and includes language that it be included in the Municipal Code.

The Capital Improvement Plan (CIP) Advisory Committee would be created for the purpose of serving in an advisory capacity to the Board of Directors by holding meetings for public input and then evaluating and recommending a five-year CIP for city projects relating to streets, bridges, and associated drainage funded from the 1-percent sales and use tax for such purpose, which was recently renewed by voters for a fourth 10-year period. The ordinance calls for the Board to appoint seven members to the committee, with at least one person from each ward of the city.

The timing of the creation of this committee and appointment of the committee members will be important if the Board expects the Committee to adequately review and recommend projects for the 5-year CIP for inclusion in the FY2016 budget. If the ordinance is adopted on June 16, the earliest that appointments could be made would be July 21 if the application solicitation and interview process is fast-tracked. That would allow six weeks for the committee to meet, organize, and begin learning about the CIP process and the projects that the Engineering Department already has in progress as well as other projects or suggestions from the general public forwarded at the committee's meetings. Any project forwarded from such a public meeting would have to be evaluated for cost and time considerations by the Engineering Department for presentation to the committee for review and prioritization.

All of this process would be facilitated with the end goal of presenting a recommended five year CIP to the Board in September, so that it could still be adopted in October in advance of including the relevant portions in the FY2016 budget. If the Board's expectation is that this schedule is to be maintained with the committee's active involvement, the establishment, organization, and education of the committee needs to happen quickly.

Alternatively, if the Board needs or desires more time to make appointments to this committee, appointments could be made at a future meeting and the committee could review and audit the process for this budget year and have a more active involvement starting with public meetings in 2016. A third option might be to delay the adoption of the 5-year CIP this year by a month or two in order for the committee to be more involved. That action would impact how quickly in 2016 that the 2016 projects could get started, as the Engineering Department doesn't start design work until the plan is adopted. Staff will need feedback from the Board on this issue.

From: Doug Reinert, Director of Parks and Recreation *DSR*  
Re: Naming of the neighborhood park on Texas Road

Neighborhood parks are an important aspect of any city and certainly needed in Fort Smith. We have two new neighborhood parks planned for development this year with one located on Fianna Way and one on Texas Road.

In accordance with the city naming policy it was solicited in the Times Record newspaper to receive nominations for naming the park on Texas Road. We did not receive much public response so at the request of the Park Commission staff contacted Cavanaugh Elementary School about submitting recommendations to consider. We had several names that were submitted by the students and faculty of the school.

The Park Commission selected the name Stagecoach Park and moved forward asking for public comments. At their June Park Commission meeting they voted unanimously to recommend to the Board of Directors the name Stagecoach Park for the new neighborhood park to be developed on Texas Road. It aligns with the naming policy being the geographical location of the park because Texas Road was often used when traveling by stagecoach through Fort Smith to Texas. If you have any questions regarding the name of the park or the design please feel free to contact me.

## Memo:

June 11, 2015

To: Ray Gosack, City Administrator  
From: Doug Reinert, Director of Parks and Recreation *DSR*  
Re: Naming of the neighborhood park on Fianna Way

The neighborhood park located on Fianna Way is one of two neighborhood parks to be developed this year. The development of this park is made possible due to a land donation from the McGruder family and city funds.

In accordance with the city naming policy, the City solicited nominations for names for the park on Fianna Way in the Times Record newspaper. The Park Commission then selected the name "McGruder Park" from the nominations received and proceeded to advertise the name and accept public comments.

Brent and Judy McGruder addressed the Park Commission at the June 10 meeting, noting that they have had a change of heart and asked that the park not be named "McGruder Park", but instead be named "Imani Park" after an orphanage in Tanzania. According to the McGruders, the naming rights for the park were intended to be conveyed to them in the Special Warranty Deed, but that language is not in the deed that the city received. Although the name "Imani Park" does not align with the naming policy, after much discussion the Park Commission voted with four in favor and two opposed to recommend to the Board of Directors the name "Imani Park" based on the fact that the donor of the property expressed a strong interest in the name for the park.

A plaque noting the name selected and the significance of it will be erected at the park noting the McGruders' desire for children all around the world to have a safe place to play. If you have any questions regarding the naming process for this park please feel free to contact me.

Re: Request to Abandon a Portion of a Public Utility Easement  
High Pointe on Riley Farm, Lot 12, (6500 East Rye Hill Road)

The City is in receipt of the enclosed request from Elizabeth Counts, agent for property owner Linda Short, to abandon a portion of a 15' public utility easement on Lot 12 of the High Point on Riley Farm subdivision. A vicinity map is enclosed showing the property location. The abandonment will facilitate the construction of a new single family house. Exhibit "A" shows the location of the requested easement abandonment.

There are no objections to the request from City Departments or franchise utilities. Enclosed for the Board's consideration is an ordinance authorizing the abandonment of the easement.

**Minimum Finished Floor Elevation Notes**  
 The Minimum finished floor elevations shown are for guidance only and are not to be considered a restrictive covenant. The elevations are one foot or more above the 100 year flood elevation of the drainage way on, or adjacent to, the lot in question.  
 Minimum finished floor elevations for Tract 2A & Tract 2B vary within the range of elevations shown. The elevations are one foot or more above the 100 year flood elevation for the overall site. Finished floor elevations for specific structure locations shall be determined by a licensed professional engineer.  
 Setting a structure at the elevation shown is not an assurance that flooding will not occur since improper site grading can lead to flooding during a 100 year event; a professional engineer should be consulted to prepare a site specific grading plan.

## INTER-OFFICE MEMORANDUM

To: Ray Gosack, City Administrator

From: Stan Snodgrass, P.E., Director of Engineering

Subject: Fort Chaffee Redevelopment Authority  
Donation of Street Right of Way and Drainage Easements  
McClure Drive, R.A. Young Jr. Drive and Veterans Avenue

Date: June 10, 2015

---

The Fort Chaffee Redevelopment Authority (FCRA) has approved the dedication of the street right of way and drainage easements for McClure Drive and R.A. Young Jr. Drive. Also approved by the FCRA is an additional portion of street right of way easement along Veterans Avenue. Location maps for these areas and the approved easement documents are attached.

The extension of McClure Drive and R.A. Young Jr. Drive are being constructed in association with the new ArcBest corporate headquarters. Construction on these streets is scheduled to begin in the next three weeks. The additional street right of way on Veterans Avenue will allow for the construction of a cul-de-sac at the south end of the Arkansas College of Osteopathic Medicine. Construction on this portion of Veterans Avenue is scheduled to begin late this summer.

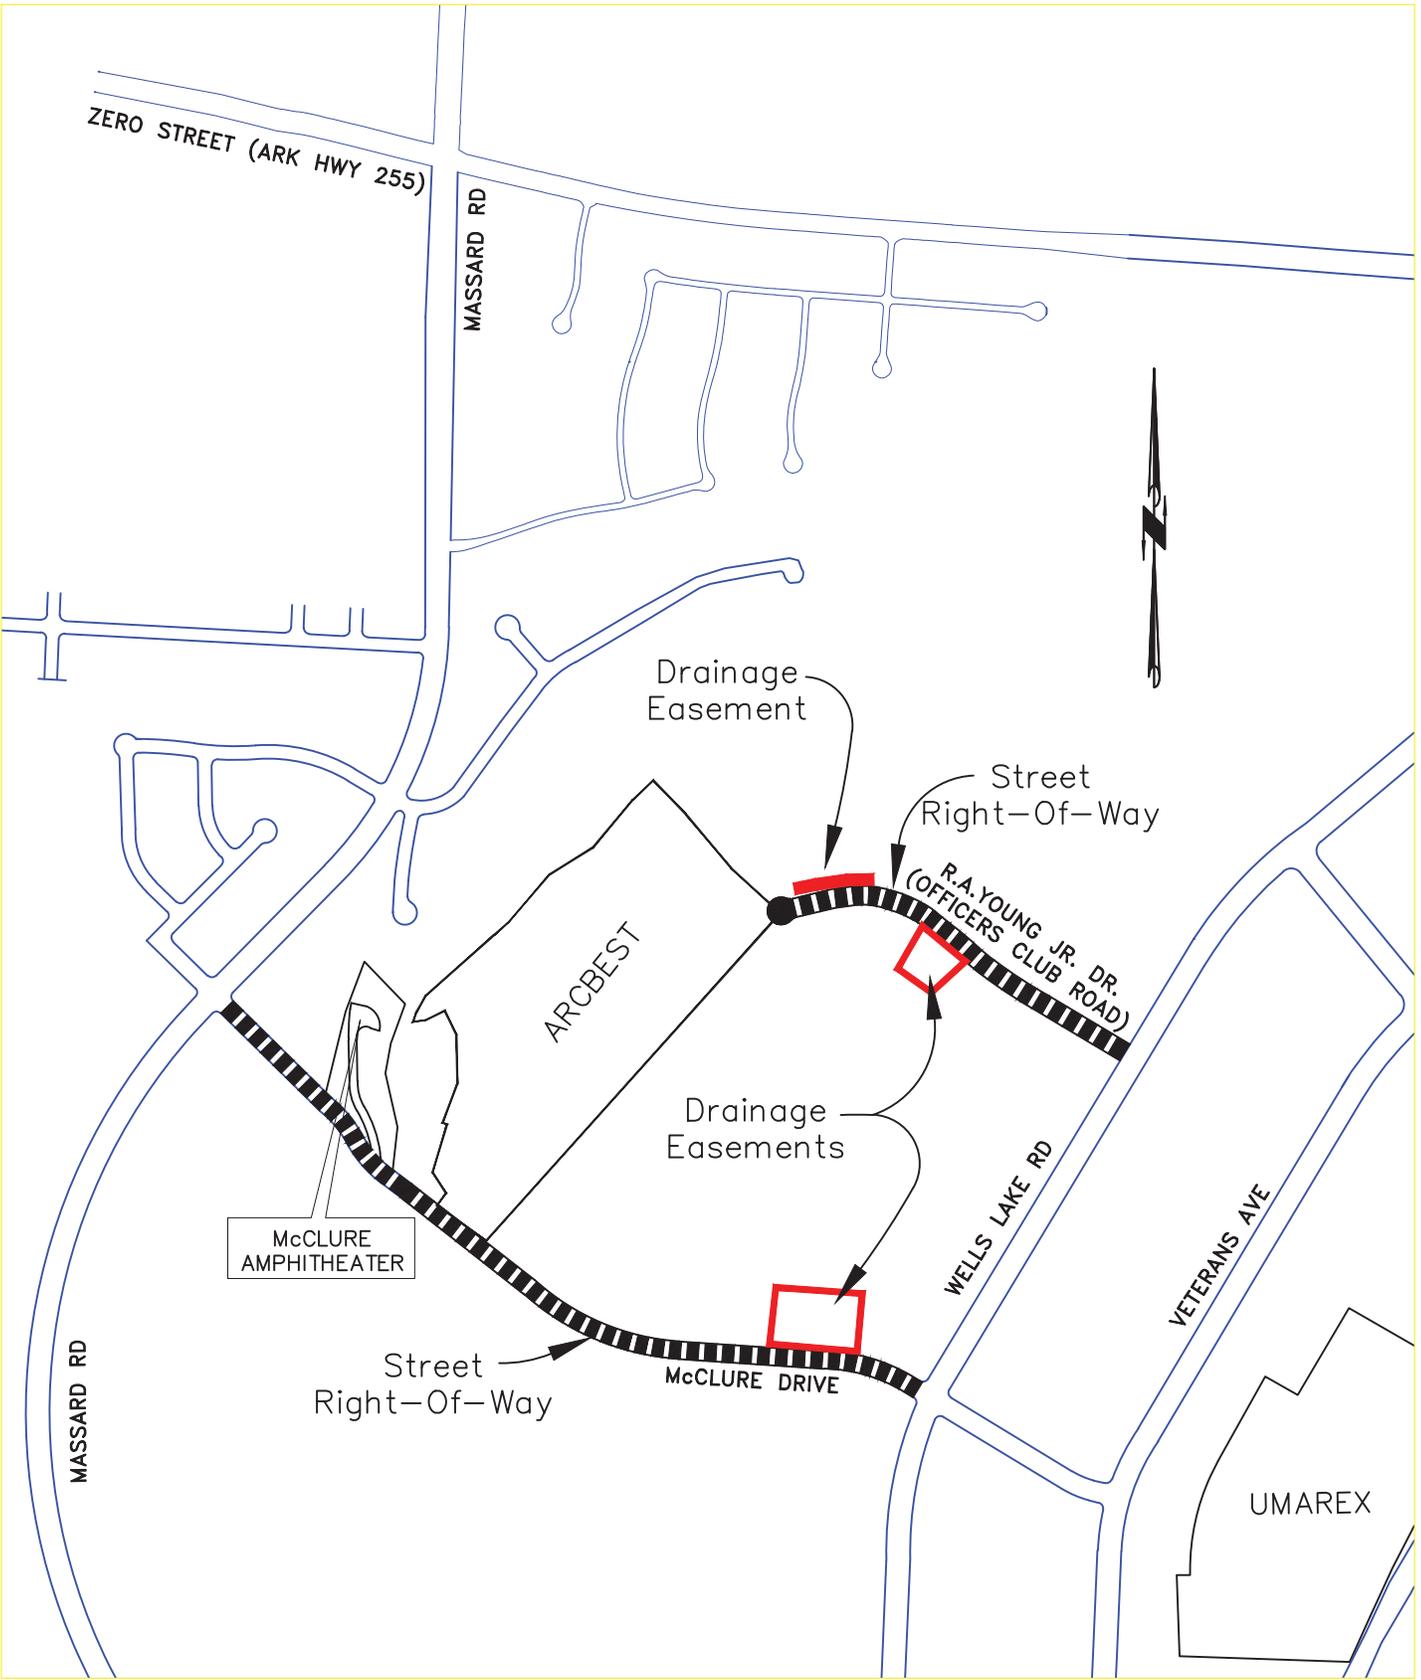

Attached is an Ordinance accepting the donation of these street right of way and drainage easements from the FCRA. I recommend that the Ordinance be adopted by the Board at the next regular meeting.

## Memo:

June 11, 2015

To: Ray Gosack, City Administrator  
From: Doug Reinert, Director of Parks and Recreation *DSR*  
Re: Development of neighborhood parks on Fianna Way and Texas Road

Neighborhood Parks not only improve our community and quality of life but also our well-being. Statistics show that having a neighborhood park within walking distance helps people to be more physically active and to de-stress from the hectic everyday challenges of life. Neighborhood parks are where children can socialize in creative play without the need for electronics and develop mentally and physically under the realm of free play.

We have two neighborhood parks to be developed this year; one located on Fianna Way that is 2.6 acres and one on Texas Road that is 4.8 acres. The design of these parks was developed by LandPlan Consultants out of Tulsa, Oklahoma. These parks are planned to include handicapped accessible parking areas, playgrounds with swing sets, picnic shelters, half-court basketball courts, walking trails made of limestone screenings, picnic tables, benches, bike racks and trash receptacles. The trail from the parking area around the playground will be a concrete path allowing for easy access for people with special needs. The remainder of the park trail will consist of limestone screenings in consideration of cost. The park on Fianna Way will have a post and rail fence to serve as a buffer from Highway 253. The amenities of each park were developed from comments received at two public meetings. The complete master plan of both parks is attached.

The engineer's original estimate for development of both parks was \$507,177.14; however the total budget for both parks was \$300,000. We have made several cuts from the master plan for each park such as removing enhanced lighting, trees, concrete trails, interpretive signs, etc. Lighting is an important factor, but can be done with the local electric company rather than using more decorative poles and lamps. Staff will plant trees in the winter at both of these parks using our operating budget. We have also received a \$5,000 donation from the Fianna Hills Property Owners Association for the park. After the amount spent on the playground unit for Fianna Way \$108,897.50 that was approved in December 2014 and the landscape architect fees \$32,775 and the recommended development being proposed today \$258,851.55 the total amount for

development of both parks will be \$400,524.55. An amount of \$100,530 is the requested appropriation to fund the development of these parks as noted in the GameTime Contract Cost.

We could develop the parks in phases; however at the June Park Commission meeting the Park Commission approved that the use of Utility Bill Roundup Contributions could be used at these two parks. The Utility Bill Roundup is a wonderful way that citizens have made contributions to parks through their water bill. These funds have been collected since March 2004 and have only been used one other time in 2006 for the purchase of an outdoor cinema system now used for movies in the park that cost \$17,000. The city currently has \$138,975 accumulated for park use. I feel that the use of these funds for neighborhood parks is fitting. Attached for your approval is an ordinance allowing for this appropriation.

Also attached for your approval is an ordinance authorizing the execution of a contract with GameTime for \$258,851.55 for the development of both neighborhood parks. In December of 2005, the Board of Directors approved Ordinance 93-05, thereby authorizing the city to participate in the State Cooperative Purchasing program. This process has enabled us to take advantage of other negotiated contracts that the State of Arkansas currently participates in.

One of these contracts is the US Communities Government Purchasing Alliance, a national organization for local government agencies to assist them in making better use of their collective purchasing powers and improving their overall purchasing effectiveness.

GameTime is a member of this alliance. Because of their contract, local governments nationwide are permitted to purchase through their cooperative purchasing program. The State of Arkansas has executed an "Inter-local Contract" with GameTime through the US Communities Government Purchasing Alliance.

Using this alliance eliminates the need for further competitive bidding and allows for an extensive savings in additional advertising and bidding fees. It will allow us to complete the project in a timelier manner. Upon execution of the contract it is expected that the project will be completed in approximately 60 calendar days.

This project is in alignment with the goals of the Comprehensive Plan policy NCR-1.3. I recommend approval of the resolution and ordinance allowing for the appropriation and development of these neighborhood parks. If you have any questions regarding these neighborhood parks please feel free to contact me.

## INTER-OFFICE MEMO

**TO:** Ray Gosack, City Administrator

**DATE:** June 8, 2015

**FROM:** Steve Parke, Director of Utilities

**SUBJECT:** Lake Fort Smith 48-Inch Water Transmission Line  
Project 08-07

The project calls for the construction of a 6-inch water distribution line to reconnect the existing water customers currently being served off the 27-inch water transmission line. The planned 48-inch pipeline will replace the 27-inch line constructed in 1935 and which will be taken out of service upon the completion of the project.

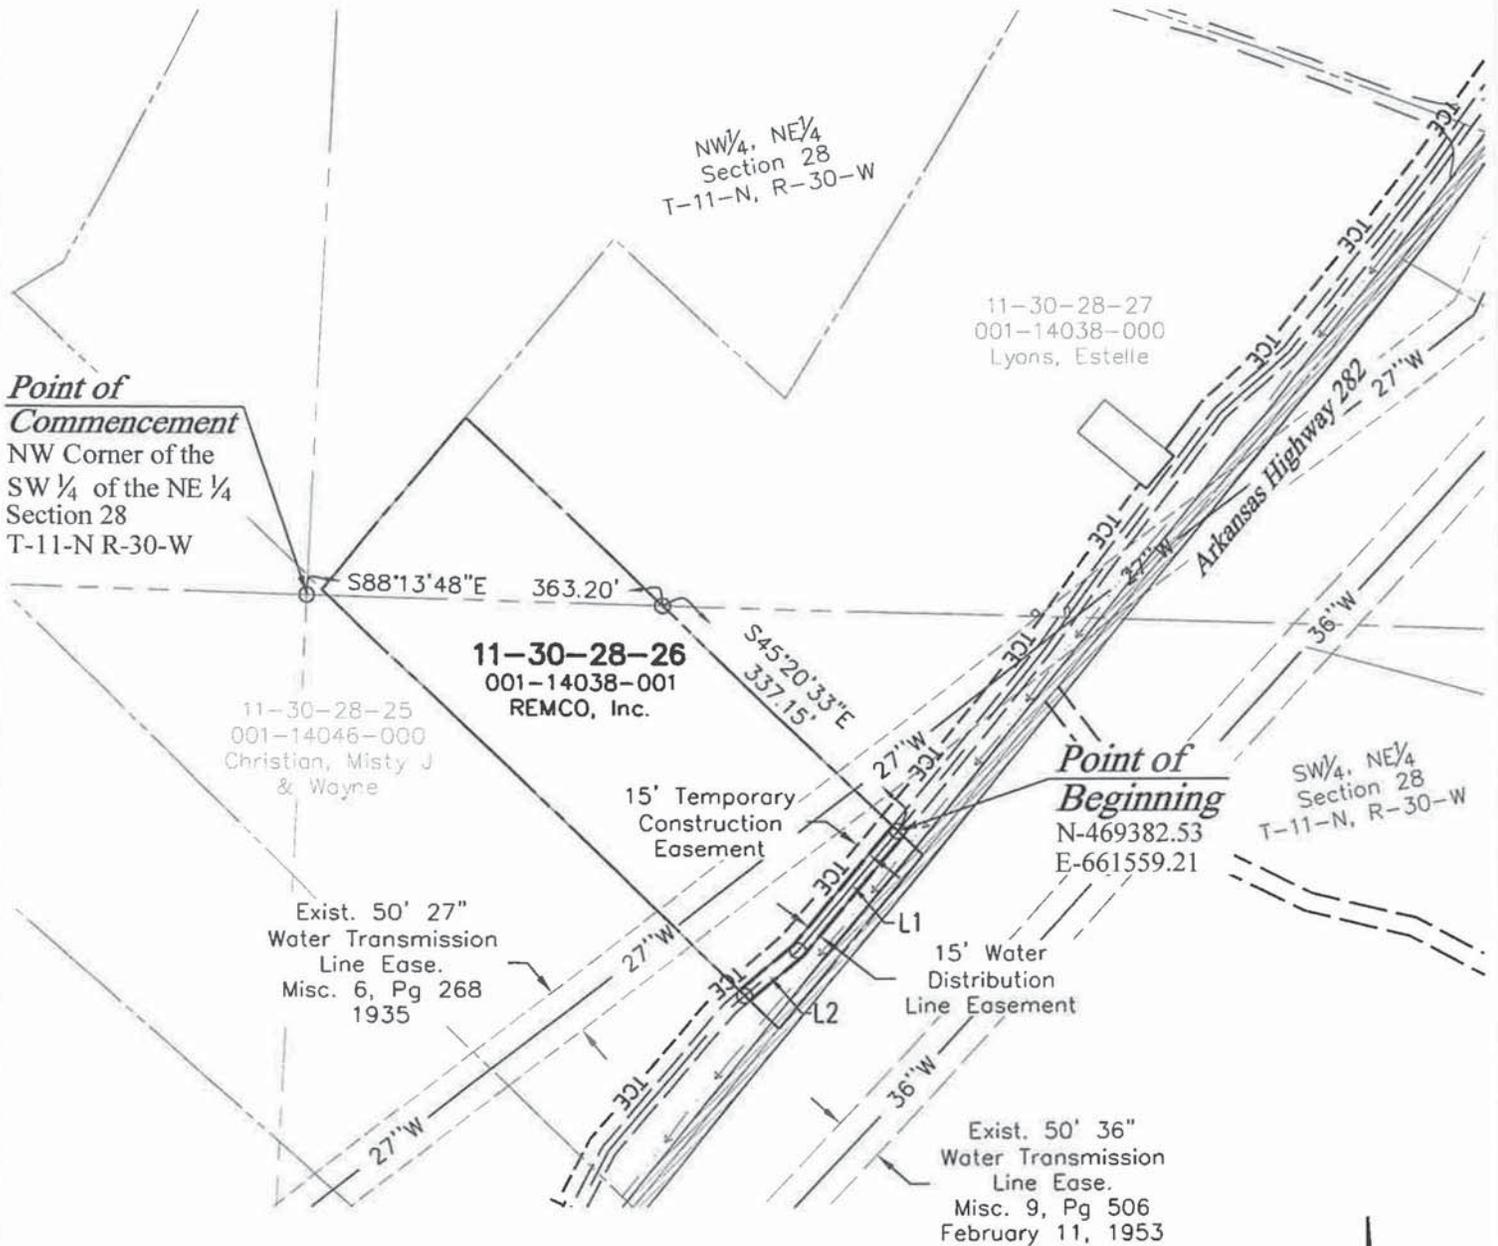

The installation of the 6-inch line will require a water utility easement from REMCO, Inc., located on Highway 282 in Mountainburg, Arkansas. An exhibit copy of the property location and easement area is attached for your review. REMCO has agreed to donate the easement to the city in exchange for the city's release of the easement for the existing 27-inch right of way across their property that will no longer be needed after the completion of the project. The city attorney prepared an agreement to release the easement. A copy is attached for your review.

Staff believes that the owner's offer to donate to the city a permanent water utility easement is reasonable. Therefore, staff recommends that the Board approve this Resolution and accept the owner's offer at its next regular scheduled meeting.

If you or members of the Board have any questions or desire additional information, please let me know.

### AGREEMENT

This Agreement is entered into on the 1 day of June, 2015, by and between the City of Fort Smith, Arkansas ("Fort Smith"), and REMCO, Inc. (hereinafter the "Owners").

### RECITALS

WHEREAS, the Owners are the current owners of real property situated in Crawford County, Arkansas, currently encumbered by the Right of Way Agreement in favor of Fort Smith executed by W. R. and Irene Peters on June 4, 1935, and more specifically described as Exhibit "A" attached hereto and incorporated herein.

WHEREAS, the Owners have agreed to execute a certain Water Utility Easement (a copy of which is attached hereto and incorporated herein as Exhibit "B") in favor of the City of Fort Smith, Arkansas, in connection with a project known as Lake Fort Smith Water Transmission Line-Distribution Line, Project No. 08-07, in consideration for Fort Smith's release of the Easement described on Exhibit "A" herein and payment to the Owners the sum of One Dollar and No/100 (\$1.00).

WHEREAS, the City of Fort Smith, Arkansas, in consideration of the execution of said Water Utility Easement by the Owners have agreed to release the Easement described on Exhibit "A" and tender the payment described herein.

WHEREAS, the parties agree that this Agreement is conditioned upon verification of the Owners' title and conditioned upon final approval by the Fort Smith Board of Directors.

NOW, THEREFORE, in consideration of the mutual promises and other good and valuable consideration, the sufficiency of which is acknowledged, the parties agree as follows:

1. Upon the execution of this Agreement by the Owners, Fort Smith will seek final approval of this Agreement from the Fort Smith Board of Directors at its next regularly scheduled meeting. If approved by the Fort Smith Board of Directors, Fort Smith will execute this Agreement and furnish a copy to the Owners;

2. Fort Smith will obtain verification of marketable title of the Owners' property at its expense. In the event that the Owners' property is subject to a mortgage or other encumbrance, such lien holder must subordinate their interest to the Water Utility Easement described in paragraph 3 below;

3. Within ten (10) business days of the date of the Fort Smith Board of Directors' approval of the Agreement, the Owners will execute the Water Utility Easement in the form attached hereto and incorporated herein as Exhibit "B";

4. Fort Smith will pay the Owners the sum of One Dollar and No/100 (\$1.00) within twenty (20) business days of the Owners' provision of the executed and notarized Water Utility Easement in the form attached hereto as Exhibit "B" and any required subordination to the same by any lien holders;

5. Upon the completion of the project known as Lake Fort Smith Water Transmission Line-Distribution Line, Project No. 08-07, Fort Smith will execute and cause to be recorded a Release of Easement in the form attached hereto and incorporated herein as Exhibit "C";

6. The time limits described in paragraph 4 herein shall automatically be extended to allow sufficient time to cure any title defect or obtain the subordination of a lien holder's interest in the Owners' property to the Water Utility Easement described in paragraph 3 herein.

7. This Settlement Agreement is specifically conditioned upon verification of marketable title and final approval from the Fort Smith Board of Directors.

Project 15-06-C1

Goodwin & Goodwin, Inc., has completed the sanitary sewer extension for the above captioned project. The project disconnected the seven sewer service lines from the storm drain and reconnected the lines to the new sanitary sewer main extension. An exhibit showing the project location is attached.

Goodwin & Goodwin, Inc., has submitted final pay request in the amount of \$94,027.13. The project had a construction cost underrun of \$39,821.00. The underrun was due to changes which deleted 60 linear feet of 16-inch steel casing under B Street and decreasing the use of flowable fill. A project summary sheet is attached for your information.

The attached Resolution authorizes the final payment to Goodwin & Goodwin, Inc., in the amount of \$94, 027.13. Should you or the members of the Board have any questions or need additional information, please let me know.

## INTER-OFFICE MEMO

**TO:** Ray Gosack, City Administrator

**DATE:** June 16, 2015

**FROM:** Steve Parke, Director of Utilities

**SUBJECT:** Zero Street Pump Station Wet Weather Improvements –  
Pump Station and EQ Storage, Project Number 09-17

The Zero Street Pump Station Wet Weather Improvements - Pump Station and EQ Storage project provides for the construction of the new pump station and two 5 million gallon flow equalization tanks as well as the demolition of the existing pump station. The new pump station and equalization tanks are part of the continuing construction projects developed to alleviate sanitary sewer overflow problems. The construction observation engineering services provide a system for ensuring that construction is carried out in accordance with the plans and specifications. Services also provide the record drawings and documentation of installed equipment. Change Order Number One previously approved to Archer-Western's construction contract approved a 51 day contract extension to the project for weather delays. The weather delays also resulted in increased construction management expenses.

A Resolution authorizing the Mayor to execute Amendment Number One to Authorization Number Four to the Agreement for engineering services with Hawkins-Weir Engineering, Inc., for construction observation in the amount of \$40,000.00. Amendment Number One will adjust the Agreement for construction phase services to \$1,271,400.00. The funds are available from the 2014 sales and use tax bonds issued for wastewater improvements.

ORDINANCE DECLARING AN EXCEPTIONAL SITUATION WAIVING THE REQUIREMENTS OF COMPETITIVE BIDDING AND AUTHORIZING FINAL PAYMENT TO CRAWFORD CONSTRUCTION COMPANY FOR THE NORTH 6TH AND KELLEY HIGHWAY 15-INCH SEWER LINE EMERGENCY REPAIR

BE IT ORDAINED AND ENACTED BY THE BOARD OF DIRECTORS OF THE CITY OF FORT SMITH, ARKANSAS, that:

WHEREAS, it is necessary to contract for the emergency repairs of the sanitary sewer main at North 6th Street and Kelley Highway; and,

WHEREAS, the emergency sewer repairs precludes the City from meeting the requirements of competitive bidding; and,

WHEREAS, the emergency sewer repair required immediate repair to prevent the possibility of health hazards to the residents of the City of Fort Smith:

NOW THEREFORE, in order to eliminate the possibility of health hazards to the residents of the City of Fort Smith and to begin the necessary repairs as quickly as possible, an exceptional situation exists requiring the waiving of the conditions of competitive bidding, so that the competitive bidding requirements are hereby waived, and final payment to contractor, Crawford Construction Company, for the North 6th and Kelley Highway 15-Inch Sewer Line Emergency Repair, Project Number 15-16-C1, in the amount of \$63,770.10, is hereby approved.

**INTER-OFFICE MEMO**

**TO:** Ray Gosack, City Administrator

**DATE:** June 9, 2015

**FROM:** Steve Parke,  Director of Utilities

**SUBJECT:** North 6th and Kelley Highway 15-Inch Sewer Line Emergency Repair  
Project Number 15-16-C1

On May 15, 2015, maintenance crews discovered a collapsed, 15-inch gravity sewer located just north of the intersection of North 6th Street and Kelley Highway. The collapsed line created a sink hole presenting a hazard to both the street and railroad. No discharge of untreated sewage occurred. It was necessary to contract for the emergency repair, waiving competitive bidding, in order to repair the sewer main immediately. Crawford Construction Company had personnel and equipment available for immediate response and submitted an hourly rate to perform the work. The total cost for the emergency repair was \$63,770.10.

The attached Ordinance waives the competitive bidding requirements for the emergency repair and authorizes final payment to Crawford Construction Company in the amount of \$63,770.10. The funds are available from the 2014 sales and use tax bonds issued for wastewater improvements.

Previously licensed electrician and high rise elevator technical engineer.

Real Estate investment property management

EDUCATION:

Electronics Degree, also attended Business and Law Schools.

PROFESSIONAL /COMMUNITY ACTIVITIES:

Executive Board member for Homeowners Association and Labor Organization.

FORT SMITH COMMUNITY ACTIVITIES:

Neighborhood liaison to Arkansas&Missouri Railroad.( Collaborated with Railroad Yard Trainmaster to reduce neighborhood Locomotive Diesel emissions which resulted in successfully reducing impact on elderly residents and preschool children downwind. I coordinated rescue efforts among FSPD Animal Control and local dog rescue volunteers to trap and rehome stray and feral dogs roaming the railroad yards and adjacent neighborhoods.

I am actively involved assisting enforcement of Municipal codes by assisting various Fort Smith municipal departments, such as the following:

Neighborhood Services for safety and maintenance issues.

FSPD I participate in ongoing surveillance which has resulted in arrests of drug dealers and protection for abused children.

FSPD Animal Control: I have helped catch over 18 stray dogs in 4 years.

FSFD I have identified and reported hazards for fire and air pollution resulting in fire prevention and shutdown of an illegal incinerator emitting toxic fumes on the North side of town.

## Historic District Commission

The commission is authorized to make an investigation and report on the historic significance of the buildings, structures, features, sites or surroundings included in any proposed historic district. The commission is also authorized to recommend an area or areas to be included in a historic district or districts and from time to time recommend amendments to established districts or additional districts.

Fort Smith has been designated a Certified Local Government (CLG) by the United States Department of Interior. One of the benefits of being a CLG is to be eligible for various grant funds each year. CLG's are required to attempt to appoint preservation related professionals to their Historic District Commissions, to the extent available in the community.

The commission has five members, who are electors of the city, **appointed by the Mayor** subject to confirmation by the Board of Directors and each serves alternate three-year terms.

Members shall be electors of the City and hold no salaried or municipal office. Regular meetings are the first Thursday of each month at 6:00 p.m. at the Darby Community Center. The study sessions are held the last Thursday of each month at 5:30 p.m., at the Darby Community Center, 220 North 7 Street.

## Property Owners Appeal Board

The Property Owners Appeals Board was established by the Board of Directors April 15, 1997 to review City ordinances relative to clean up of lands for the purpose of making recommendations to the Board of Directors concerning amendments thereto, and to hear appeals of delinquent property owners charged by the City for abatement costs who feel themselves aggrieved by action of the City.

The Board consisted of five persons appointed by the Board of Directors who, following initial staggered terms, will serve five-year terms of office. The Board shall meet to hear appeals twice annually during the month of September, and may meet for other purposes as well. Meetings are scheduled for the second Monday of each month at 11:00 a.m. in the Planning conference room at 623 Garrison Avenue, room 326.

## **MINUTES OF THE BOARD OF DIRECTORS REGULAR MEETING**

**TUESDAY ~ JUNE 16, 2015 ~ 6:00 P.M.**

### **FORT SMITH PUBLIC SCHOOLS SERVICE CENTER**

The meeting was called to order by Mayor Sandy Sanders, presiding. Invocation was given by Pastor Jerry Jennings of Mount Moriah Missionary Baptist Church, followed by the Pledge of Allegiance.

On roll call the following members of the Board were present: Directors Keith Lau, Andre' Good, Mike Lorenz, George Catsavis, Tracy Pennartz, Kevin Settle and Don Hutchings. The Mayor declared a quorum present.

Mayor Sanders inquired if any Board member had any item of business to present that was not already on the agenda. There was none presented.

The minutes of the June 2, 2015 regular meeting and June 9, 2015 special meeting were presented for approval. Settle, seconded by Pennartz, moved approval of the minutes as written. The members all voting aye, the Mayor declared the motion carried.

Item No. 1 was presentation of Year 2014 Audit (Comprehensive Annual Finance Report - CAFR)

Director of Finance Kara Bushkuhl reviewed the information citing an electronic copy of the CAFR was previously provided to the Board prior to the meeting. The audit report was prepared by BKD, LLC and has been reviewed by the Audit Advisory Committee (AAC); therefore, she introduced George Moschner, Chair of the AAC.

Mr. Moschner addressed the Board and provided a written report of his comments to each member of the Board, which is provided below:

## **June 16, 2015 Regular Meeting**

1. Audit reports presentation includes:
  - a. The various financial statements and supplementary information.
  - b. Compliance with certain state statutes.
  - c. Single Audit Reports and Schedule of Expenditures of Federal Awards.
  - d. Comprehensive report covering the City and all of its component units.
2. Required management letter communications
3. Audit advisory committee meeting on May 28, 2015 consisted of:
  - a. Review of each report and management letter in detail.
  - b. Comments from the City finance staff:
    - i. Certain new accounting standards adopted during 2014 did not have a significant effect on the financial statements.
    - ii. GASB 68 will be implemented during 2015 regarding the recording of pension liabilities and it is expected to have a significant effect.
    - iii. The required water and sewer bond debt service coverage ratio is 110% and the actual for 2014 was 97%. Sewer revenues were not sufficient to achieve the required ratio. See operating loss of \$6.2 on page 42 and FN on page 81.
  - c. Presentation by independent external auditors - BKD, LLP:
    - i. Presented their reports and made comments.
    - ii. Unqualified opinions were issued for each report.
    - iii. Management letter comments and findings:
      - Ineffective internal control over Schedule of Expenditures of Federal Awards - repeat - significant deficiency - implementing new controls.
      - Fixed asset accounting and the recording of depreciation expense - repeat - significant deficiency - adopting new software and implementing new controls during 2015.
      - Proper year end accounts payable cutoff and accrual.
      - HUD reports were not timely filed.

## **June 16, 2015 Regular Meeting**

- Duplicate capital project reimbursement requested - City will reimburse US Dept. of Transportation.
  - Two prior year findings were resolved.
  - Four general comments (page 5).
  - LOPFI fund balance comments (page 7, FN page 88, page 102).
  - Allocation of other post-employment benefits liability (page 7).
  - GASB 68 adoption in 2015.
  - Changes to federal grant policies.
  - Fraud hotline.
  - New GASB standards.
- d. Committee members' questions and comments were addressed and resolved.
- e. Both finance department and auditors agreed in private meetings that the audit process went well. There are no comments to report from either of these meetings.
- f. Minutes from the meeting will be distributed to you.
4. One adjustment was recorded, which involved fixed asset depreciation.
5. The audit report doesn't address all the good things the City and its staff accomplished:
- a. Earned the 29th consecutive GFOA Certificate of Achievement in Excellence in Financial Reporting.
6. LOPFI pension liability discussed:
- a. 2014 calculation is based upon 2013 data.
  - b. 2014 actuarial data will be available in June or July 2015
  - c. Audit committee suggests that a 2015 analysis of the LOPFI pension liability be performed as soon as the 2014 data is available.

Mayor Sanders extended much appreciation to the Audit Advisory Committee for their service to review the 2015 Audit.

Director Settle inquired if the 97% debt service ratio is calculated on an annual basis and questioned/recommended such be conducted on a monthly basis.

***June 16, 2015 Regular Meeting***

Mr. Bushkuhl confirmed the debt service ratio is based on annual calculations citing year-end numbers are needed to determine the most accurate percentage. She spoke in opposition to calculating on a monthly basis, but recommended such be accomplished quarterly whereby Mr. Moschner and City Administrator Ray Gosack noted agreement to the recommendation.

Administrator Gosack read a prepared statement announcing Ms. Bushkuhl's impending retirement effective October 2015. Said statement conveyed many of her most notable accomplishments, professional attributes and dedication to the city of Fort Smith during her thirty-five (35) years of service.

All those in attendance applauded and provided a standing ovation in recognition of Ms. Bushkuhl's dedicated service to the city of Fort Smith.

Item No. 2 was an ordinance establishing a Capital Improvement Plan Advisory Committee to review and recommend projects for funding from the 1% Sales and Use Tax for streets, bridges and associated drainage; setting membership and procedural requirements for same; and, providing for inclusion in the Fort Smith Municipal Code ~ *Pennartz/Good placed on agenda at the June 9, 2015 study session ~.*

Deputy City Administrator Jeff Dingman briefed the Board on the item as discussed at the June 9, 2015 study session. The proposed Capital Improvement Plan (CIP) Advisory Committee would serve in an advisory capacity to the Board of Directors by holding meetings for public input to evaluate and recommend a five-year CIP for city projects relating to streets, bridges, and associated drainage, which is funded from the one-percent (1%) sales and use tax for such purpose. Said tax was recently renewed by voters for a

### ***June 16, 2015 Regular Meeting***

fourth ten (10) year period. The proposed committee would consist of seven (7) members with at least one (1) person from each ward of the city. The timing of the creation of this committee and appointment of its members is important if the Board expects the Committee to adequately review and recommend projects for the 5-year CIP for inclusion in the fiscal year 2016 Budget. Upon approval, the earliest appointments could be made would be at the July 21 regular meeting if the application solicitation and interview process is fast-tracked. Such would only allow six (6) weeks for the committee to meet, organize, and begin learning about the CIP process and the projects the Engineering Department already has in progress, as well as other projects or suggestions from the general public forwarded at the committee's meetings. Any project forwarded from such a public meeting would have to be evaluated for cost and time considerations by the Engineering Department for presentation to the committee for review and prioritization. The aforementioned process would be facilitated with the end goal of presenting a recommended five (5) year CIP to the Board in September so it could still be adopted in October, in advance of including the relevant portions in the fiscal year 2016 Budget. Due to the aforementioned, he requested direction from the Board and provided the following options:

1. If the Board expects the aforementioned schedule to be maintained with the committee's active involvement, the establishment, organization, and education of the committee needs to happen quickly.
2. If the Board needs or desires more time to make appointments to this committee, appointments could be made at a future meeting and the committee could review and audit the process for this budget year and have a more active involvement starting with public meetings in 2016.

### ***June 16, 2015 Regular Meeting***

3. Adoption of the 5-year CIP could be delayed for a couple of months this year in order for the committee to be more involved. This action would impact how quickly in 2016 that the 2016 projects could get started, as the Engineering Department doesn't start design work until the plan is adopted.

Director Good spoke in opposition to delaying adoption of the five (5) year CIP and recommended the committee members be introduced to the process with active involvement next year.

Director Settle recommended a combination of Options No. 1 and 2.

Regarding creation of the subject committee, Director Hutchings questioned the affect such will have on the progress of CIP projects.

Director of Engineering Stan Snodgrass simply advised such will "*add another layer of approval*" for CIP projects.

Director Pennartz noted concurrence with Directors Good and Settle citing, upon approval, the new committee should be allowed a reasonable amount of time to learn the process.

Pennartz, seconded by Good, moved adoption of the ordinance. The motion included suspending the rule to allow the three (3) full readings of the ordinance to be by caption and for the readings to occur on the same date. The City Clerk read the ordinance for its readings and the members voted as follows: ayes - Lau, Good, Lorenz, Catsavis, Pennartz and Settle; nays - Hutchings. The Mayor declared the motion carried and the ordinance was adopted and given Ordinance No. 40-15.

Item No. 3 was a resolution naming the neighborhood park on Texas Road, *Stagecoach Park* ♦ *Future Fort Smith Item*

***June 16, 2015 Regular Meeting***

Director of Parks and Recreation Doug Reinert briefed the Board on the item citing neighborhood parks are an important aspect of any city and certainly needed in Fort Smith. In accordance with the City's naming policy, names were solicited in the Times Record newspaper to receive nominations for naming the neighborhood park on Texas Road. Public response was minimal; therefore, at the request of the Parks and Recreation Commission, staff contacted Cavanaugh Elementary School for input. Several names were submitted by the students and faculty of the school whereby the Parks and Recreation Commission selected the name, *Stagecoach Park*, and moved forward with the public comment period required by the City's naming policy. Upon completion of such, the Parks and Recreation Commission voted unanimously to recommend to the Board of Directors the aforementioned name for approval. *Stagecoach Park* aligns with the naming policy because Texas Road was often used when traveling by stagecoach through Fort Smith to Texas.

Settle, seconded by Hutchings, moved adoption of the resolution. The members all voting affirmatively, the Mayor declared the motion carried and the resolution was adopted and given Resolution No. R-111-15.

Item No. 4 was a resolution naming the neighborhood park on Fianna Way, *Imani Park* ♦ *Future Fort Smith Item*

Mr. Reinert briefed the Board on the item advising the subject neighborhood park is located on Fianna Way. Development of the park is made possible due to a land donation from the McGruder family and City funds (Item No. 5E). In accordance with the City's naming policy, names for the park were solicited in the Times Record newspaper.

### ***June 16, 2015 Regular Meeting***

Nominations were received and the Parks and Recreation Commission selected the name, *McGruder Park*, and proceeded to advertise the name to accept public comment. Brent and Judy McGruder addressed the Parks and Recreation Commission at the June 10<sup>th</sup> meeting requesting the park not be named *McGruder Park*, but instead be named, *Imani Park*, after an orphanage in Tanzania. According to the McGruders', the naming rights for the park was supposed to be conveyed to them in the Special Warranty Deed; however, such was not included within the deed conveyed to the City. Although the name *Imani Park* does not align with the naming policy, after much discussion, the Parks and Recreation Commission voted four (4) in favor and two (2) opposed to recommend the proposed name to the Board of Directors for consideration. Such was based on the fact that the donor of the property expressed a strong interest in the name for the park. Upon approval, a plaque denoting the name and its significance will be erected within the park citing such was per the McGruders' desire that children all around the world have a safe place to play.

Settle, seconded by Lorenz, moved adoption of the resolution. The members all voting affirmatively, the Mayor declared the motion carried and the resolution was adopted and given Resolution No. R-112-15.

The Consent Agenda (Item No. 5) was introduced for consideration, the items being as follows:

- A. Ordinance to abandon a portion of a public utility easement located in High Pointe on Riley Farm, Lot 12, an addition to the City of Fort Smith, Sebastian County, Arkansas
- B. Ordinance to abandon a public utility easement located in Willowbrook, Tract 2B, an addition to the City of Fort Smith, Sebastian County, Arkansas

**June 16, 2015 Regular Meeting**

- C. Ordinance accepting donation of street right-of-way and drainage easements from the Fort Chaffee Redevelopment Authority ♦ *Future Fort Smith Item*
- D. Ordinance authorizing a contract with GameTime for the development of neighborhood parks on Fianna Way and Texas Road and declaring exceptional situations and waiving the requirements of competitive bidding (\$258,851.55 / Parks Department / Budgeted - 1/8% Sales and Use Tax & General Fund for Parks Utility Roundup Contributions) ♦ *Future Fort Smith Item*
- E. Ordinance authorizing the appropriation of funds from the reserve balance of the General Fund ♦ *Future Fort Smith Item*
- F. Resolution authorizing the City Administrator to execute an agreement with a property owner for acquisition of a water utility easement and release of right-of-way agreement in connection with the Lake Fort Smith 48-inch water line
- G. Resolution accepting the project as complete and authorizing final payment to Goodwin & Goodwin Inc. for construction of the 2200-2321 Rogers Avenue Sanitary Sewer Extension (\$94,027.13 / Utility Department / Budgeted - 2014 Sales and Use Tax Bonds)
- H. Resolution authorizing Amendment No. 1 to Authorization No. 4 with Hawkins-Weir Engineers, Inc. for engineering services for the Zero Street Pump Station Wet Weather Improvements - Pump Station and EQ Storage (\$40,000.00 / Utility Department / Budgeted - 2014 Sales and Use Tax Bonds)
- I. Ordinance declaring an exceptional situation waiving the requirements of competitive bidding and authorizing final payment to Crawford Construction Company for the North 6th and Kelley Highway 15-Inch Sewer Line Emergency Repair (\$63,770.00 / Utility Department / Not Budgeted - 2014 Sales and Use Tax Bonds)

Regarding Item No. 5E, Director Settle expressed concern with utilizing Parks Utility Roundup Contributions for the development of a neighborhood park citing said funds should be used for a city-wide park rather than a park for a specific neighborhood.

**June 16, 2015 Regular Meeting**

Director Lorenz reiterated Director Settle's concern and questioned if criteria is in place for utilization of said funds.

Administrator Gosack advised no specific criteria exists other than said funds may only be used for park purposes. The funds are not utilized often citing the last time was several years ago when equipment was purchased for the popular community event, "Movies in the Park."

Although the subject funds will provide for the development of a neighborhood park, Mr. Reinert clarified that said park is open to all members of the public.

Director Pennartz noted concurrence with the aforementioned concern and requested clarification regarding the origin of the funds.

Ms. Bushkuhl advised said funds were accumulated from donations that residents opt to provide along with payment of their utility bill.

There was brief discussion regarding the importance of establishing criteria for use of the subject funds whereby Lorie Robertson, member of the Parks and Recreation Commission advised the Commission will be happy to review the matter.

Settle, seconded by Pennartz, moved to defer consideration of Item No. 5E pending review by the Parks and Recreation Commission regarding establishment of criteria for utilization of Parks Utility Roundup Contributions. The members all voting affirmatively, the Mayor declared the motion carried.

Administrator Gosack advised Item No. 5D authorizes a contract for construction of *Stagecoach Park* and *Imani Park*, and was contingent upon approval of Item No. 5E for funding. Due to the deference of Item No. 5E, adequate funding is not available to cover

**June 16, 2015 Regular Meeting**

the total construction cost for said neighborhood parks; therefore, he recommended consideration of Item No. 5D be tabled to allow staff to review and present an amended contract, i.e. removal of playground equipment, etc.

Settle, seconded by Lorenz, moved to table consideration of Item No. 5D. The members all voting affirmatively, the Mayor declared the motion carried.

Hutchings, seconded by Pennartz, moved adoption of all consent agenda items with the exception of Items No. 5D & 5E, which were deferred/tabled. The Mayor declared the motion carried and the ordinances and resolutions were adopted with the ordinances given Ordinance No. 41-15 through 44-15 and resolutions numbered R-113-15 through R-115-15 respectively.

Mayor Sanders opened the Officials Forum with the following comments offered:

▶ Mayor Sanders

- Re:
1. Announced the Chaffee Crossing Historic District received notice they are the recipient of a \$37,000 grant from the Arkansas Historic Preservation Program for the renovation of the Elvis Barracks.
  2. Commended Congressman Steve Womack, and other congressmen, for his/their endorsement of the Remote Transactions Parity Act of 2015. Upon approval, such will require sales tax on online sales that will provide much-needed revenue to states and municipalities. If such were in effect in 2012, he estimated that Fort Smith would've collected approximately \$420,000 in additional tax revenue.

▶ Director Pennartz

Re: Extended much appreciation to the Sewer Maintenance Division of the Utility Department citing a resident had

**June 16, 2015 Regular Meeting**

a sewer issue and said personnel assessed the matter, and made accomplished the necessary repairs within a matter of hours.

▶ Director Settle

- Re: 1. Settle, seconded by Catsavis, requested a report of infrastructure damage to city facilities associated with the recent flooding be provided to the Board.
2. Settle, seconded by Good, requested staff review departmental funding allocation percentages for possible reallocation in 2016.

The Board entered into executive session at approximately 7:01 p.m. and after reconvening, the Mayor announced the following appointment nominations:
